Stranger 1: did you even understand my joke?

Stranger 1: Installation art describes an artistic genre of three-dimensional works that are often site-specific and designed to transform a viewer's perception of a space. Generally, the term is applied to interior spaces, whereas exterior interventions are often called Land art;

however the boundaries between
these terms overlap.

Stranger 2: **Close minded. I did not say I am
an artist.**

Stranger 2: **And,**

Stranger 2: **You proved me wrong.**

Stranger 2: **So bravo.**
